DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby ~~grant~~ ^{deny} the same, subject to the following limitations and conditions:

This application is herewith denied on the grounds that this appropriation of underground water for the irrigation of additional lands would tend to impair the value of existing rights and would be detrimental to the public interest and welfare within the Panaca Valley Ground Water Basin. The irrigation of additional lands within the Panaca Valley Ground Water Basin under these conditions is not considered to be a preferred use of the limited resources as provided under NRS Chapter 534.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed _____ cubic feet per second.

Work must be prosecuted with reasonable diligence and be completed on or before _____

Proof of completion of work shall be filed before _____

Application of water to beneficial use shall be made on or before _____

Proof of the application of water to beneficial use shall be filed on or before _____

Map in support of proof of beneficial use shall be filed on or before _____
